

Anatomy & Physiology Projects Timeline

Overview of Due Dates

Project	Due Date	Final Submission
Literature Review	December 10	Final Draft of Literature Review Due
PSA Poster	February 11	PSA Poster Presentation Due
Case Study	May 11	Final Draft of Case Study and Research Poster Presentation Due

Timeline and Checklists

August – Project Overview

- ☐ Start thinking about possible topics of interest
- ☐ Begin exploring PubMed/Google Scholar

September – Literature Review Topic Selection

- ☐ Choose your literature review topic
- ☐ **Submit topic idea for approval**, email by September 17
- ☐ Start collecting research articles
- ☐ Begin a research tracker (recording article titles, key findings)

October – Literature Review First Draft

- ☐ Continue collecting and summarizing articles
- ☐ Draft outline (introduction, themes, conclusion)
- ☐ Write first draft of literature review
- ☐ **Outline Due**, October 8

November – Literature Review Final Draft

- ☐ Receive teacher feedback
- ☐ Revise and finalize paper
- ☐ **Literature Review peer feedback forum**, November 10

December – Start PSA Planning + Case Study Subject

- ☐ **Final Draft Due**, December 10
- ☐ Think about PSA topic—what's the most important takeaway from your lit review?
- ☐ Start thinking about who you could observe for your case study (family, friend, or yourself)
- ☐ Ask for permission and submit consent form for case study subject

January – PSA Development

- ☐ Define PSA message
- ☐ Create PSA draft (storyboard, poster draft, video outline, or slide outline)
- ☐ **PSA topic idea for approval**, email by January 28

February – Finalize PSA

- ☐ Receive feedback on PSA idea
- ☐ Finalize PSA project with clear message and visuals
- ☐ **PSA Posture Presentation**, February 11

March – Start Case Study Data Collection

- ☐ Begin collecting data on your case study subject
- ☐ Keep observation notes in a journal or tracker
- ☐ Use your literature review to guide what to observe

April – Case Study Draft Writing

- ☐ Organize case study sections: introduction, methods (what you observed), results, conclusion
- ☐ Complete first full draft of your case study paper
- ☐ **First Draft Due**, April 22

May – Finalize Case Study and Prepare Presentation

- ☐ Receive feedback on case study draft
- ☐ Revise and complete final paper
- ☐ Prepare a poster presentation on your case study
- ☐ **Final Case Study Paper and Presentation Due**, May 11
